

Introducing the Bagema 16 in. Pump: Power and Efficiency Combined!

Are you in need of a pump that delivers exceptional performance and unmatched reliability? Look no further than the Bagema 16 in. Pump, designed to exceed your expectations. With its impressive ratio of 2.27:1, this pump is built to handle even the most demanding tasks with ease.

Bagema Booster Station 16 Inch

Equipped with a robust mix flow capability of 2700m³/hour, the Bagema pump ensures efficient fluid movement, making it perfect for a wide range of applications. Whether you're dealing with irrigation, construction, or industrial projects, this pump delivers the power and efficiency you need to get the job done.

The heart of the Bagema 16 in. Pump lies in its advanced impeller design. Featuring an impressive 1070mm diameter, the impeller maximizes the flow rate while minimizing energy consumption. This translates into significant cost savings without compromising on performance. Say goodbye to inefficiency and hello to optimal fluid dynamics with Bagema.

Under the hood, the Bagema 16 in. Pump is driven by the mighty Caterpillar 398 engine, a true powerhouse that offers an impressive 850 HP at 1200 RPM. With this level of raw power, you can rest assured that your pump will keep running smoothly, even under demanding conditions. The Caterpillar 398 engine's reliability is second to none, ensuring uninterrupted operation and peace of mind.

Whether you need to tackle large-scale water management, fluid transfer, or dewatering challenges, the Bagema 16 in. Pump is the ultimate solution. Its high-performance components, intelligent design, and Caterpillar engine combine to deliver unmatched performance, efficiency, and durability.

Don't settle for less when it comes to your pumping needs. Choose the Bagema 16 in. Pump and experience the perfect balance of power, efficiency, and reliability. Trust Bagema to keep your operations flowing smoothly, every step of the way. Contact us today and discover how the Bagema 16 in. Pump can revolutionize your pumping experience.
